ADYPU NEWSLETTER AUGUST 2026

“

Lead with purpose,
learn with curiosity,
and inspire with integrity.

”

Dr. Rakesh Kumar Jain

Vice Chancellor

Editor's Message

Perhaps the most beautiful thing about a university is that every day is filled with numerous opportunities to learn something new.

Learning does not always happen within the four walls of a classroom. It happens when a student asks a question, tries something for the first time, works with other students or mentors, makes a mistake and tries again. Learning also happens during an industry visit, completion of a research project, a competition, a conversation with the mentor or even a new experience that opens a different way of looking at things.

As an educator, I have always felt that these moments matter.

Education is not only about knowledge, but it is also about helping young people become more confident, more curious and comfortable discovering their own strengths. Every student has a different journey, and sometimes a small opportunity can become the beginning of something much bigger.

These thoughts stayed with me while putting together the August issue.

The stories in these pages reflect the many ways in which our students and faculty are learning, creating, contributing and growing by the day.

Behind every achievement is a collective effort, encouragement and the courage to take that first step.

As the editor, what I enjoy most about editing the newsletter is getting to see these small and big moments come together.

Some may be celebrated widely, while others may quietly pass without much attention. Yet each one is a part of our university's story.

I hope this issue allows you all to see ADYPU not just through its events and achievements alone but through the people, ideas and experiences that give meaning to them.

And I hope that as you turn these pages, you will find something that will inspire you or simply bring a smile.

Happy Reading!

Academic Highlights

Launch-School of Governance & Public Policy and Loknetri Training Program

Ajeenkya DY Patil University (ADYPU) marked a significant milestone with the launch of the School of Governance & Public Policy and the Loknetri Training Program on Monday, 3 August 2026.

The prestigious occasion was graced by Dr Ajeenkya D Y Patil, President and Chairman, ADYPG, and Dr. Rakesh Kumar Jain, Vice Chancellor, ADYPU. The event also brought together distinguished personalities including Smt. Ankita Patil Thackeray, Chairperson, Women and Child Welfare Committee, Pune Zilla Parishad; Ms. Shweta Shalini - Founder, Shweta Shalini Foundation; and Shri Ganesh Nibe - Chairman and Managing Director, Nibe Limited. The programme was supported by patrons Ms. Pooja Patil, Chairperson, ADYPG, and Ms. Ish Patil - Vice President, Corporate Affairs, ADYPG, with Ms. Sneha Mehta, Head - Innovation & Incubation, ADYPG, associated with the initiative.

The launch of the School of Governance & Public Policy and Loknetri Training Program marks a new chapter for ADYPU, strengthening its commitment to education that extends beyond classrooms and connects learning with leadership, governance and public service.

Civil Engineering Site Visit

On 13 August 2026, the Department of Civil Engineering organized an Educational Site Visit to the Medical Building, ADYPU, as part of the Building Construction Materials course. The visit aimed to provide students with practical exposure to construction practices and the application of various building materials at the site level. The visit was coordinated by Dr. Rohan Sawant and Dr. Kundan Kale, under the guidance of Dr. Amar Chipade, Program Lead, Civil Engineering Department, and Dr. Deepa Joshi - Dean, School of Engineering (Core).

Industrial Visit

On 31 July 2026, the Department of Biomedical Engineering, organized an industrial visit to Inamdar Multispeciality Hospital, Pune, for students and faculty from Biomedical Engineering and Biotechnology. The visit provided hands-on exposure to medical devices, diagnostic laboratories, Cath Lab, CT Scan, MRI, ICU, and Emergency Department, helping students understand their clinical applications and the integration of biomedical technologies in healthcare. Coordinated by Prof. Amit Raman Mohan, Dr. Preeti Kulkarni, and Dr. Sapnita Shinde, the visit effectively bridged classroom learning with real world clinical practice.

Guest Talk

On 21 August 2026, the Department of Biomedical Engineering, in collaboration with the MedInnova Student Club, organized an insightful guest talk on “From Research Idea to Market: Translating Innovation into Impactful MedTech Products,” delivered by Dr. Nimisha Parekh, Chief Production Manager, Serigen Mediproducs Pvt. Ltd. The session was coordinated by Dr. Preeti Kulkarni and encouraged students to embrace innovation, entrepreneurship, and impactful MedTech solutions.

**FROM RESEARCH IDEA TO MARKET:
TRANSLATING INNOVATION INTO
IMPACTFUL MEDTECH PRODUCTS**

Chief Guest:
Dr. Nimisha Parekh
Chief Production –
Manager, Serigen
Mediproducs Pvt. Ltd.

Inauguration By:
Dr. Rakesh Kumar Jain
Hon'ble Vice-Chancellor, ADYPU

Dr. Deepa Joshi
Director – IQAC
Dean, School of Engineering (Core)
Ajeenkya D Y Patil University, Pune

Date: 21st August 2026

Biomedical Innovation Showcase

On 24 August 2026, the Departments of Biomedical Engineering and Biotechnology, organized an insightful interaction and product showcase session titled, “Biomedical Prototypes, Products & Innovation: An Interaction & Product Showcase Session.” The session was coordinated by Dr. Nawneet Kurrey and Ms. Mahak Bhandhari and featured Mr. Michael Mathur, President & CEO, BL Healthcare Inc., USA, as the distinguished speaker.

Seminar Orientation Workshop

On 27 August 2026, the Department of Civil Engineering, organized a One Day Workshop on “Seminar Orientation: From Topic Selection to Technical Presentation” for the Civil Engineering students. The workshop provided practical guidance on topic selection, literature review, research gaps, technical writing, presentation skills, report preparation, referencing, plagiarism, and documentation, along with insights into emerging areas of Civil Engineering. The workshop was coordinated by Dr. Kundan Kale, supported by Dr. Rohan Sawant, under the guidance of Dr. Amar Chipade and Dr. Deepa Joshi.

Industrial Site Visit to Kasarwadi Railway Station

On 28 August 2026, the Department of Civil Engineering organized an Industrial Site Visit to Kasarwadi Railway Station for the Civil Engineering students as part of the Structural Steel Design subject. The visit provided practical exposure to railway infrastructure, including structural steel connections, plate girders, steel columns, and beams, enabling students to relate theoretical concepts to real world engineering practices. The visit was coordinated by Dr. Amar Chipade, Programme Lead, Civil Engineering, under the guidance of Dr. Deepa Joshi, Dean, School of Engineering (Core).

Induction – School of Science

The School of Science organized the Induction Programme on 6th August 2026 to welcome the new batch of students and introduce them to the academic environment, faculty, programmes, and opportunities at the university. The programme marked an inspiring beginning to the students' academic journey.

A Road Map for Students

The School of Science organized the Road Map at ADYPU on 10th August 2026. Our Speaker, Dr. Sachin Rajas welcomed students and introduced them to the university's academic environment and opportunities. Students were guided on academic growth, skill development, internships, and career planning. The programme encouraged students to actively participate and make the most of their university journey.

National Librarian's Day

The School of Science organized the National Librarians' Day 2026 on 14th August 2026. The programme included a felicitation ceremony to honour the valuable contribution of our librarian, Mr. Rahul Singh. The event highlighted the importance of libraries, reading habits, and knowledge sharing in society. The occasion also highlighted the important role of libraries in supporting students, researchers, educators, and the wider community.

School of Engineering - Deeksharambh 2026

On 4, 5 and 6 August 2026, the School of Engineering successfully organized its induction program, Deeksharambh 2026, marking the beginning of an inspiring and purpose-driven academic journey for the new cohort of students. The three-day program featured insightful keynote sessions, real-world perspectives, and a strong emphasis on innovation, professional development, and future-ready engineering. The program was held in the esteemed presence of Vice Chancellor - Dr. Rakesh Kumar Jain, Registrar - Dr. Sudhakar Shinde, Dean Academics - Dr. Sunny Thomas, Dean, School of Engineering - Dr. Prashant Kumbharkar, and Dean, School of Engineering (Core) and Director of IQAC, Dr. Deepa Joshi, along with other university dignitaries and faculty members.

MBA & BBA Induction Programme

The School of Management, successfully conducted the MBA and BBA Induction Programme “Diksharambh 2026” on 5th August 2026, warmly welcoming the new batch of students and their parents. The programme featured inspiring addresses by university leadership and distinguished industry experts, emphasizing academic excellence, leadership, innovation, and professional growth. The induction concluded with networking interactions, fostering a sense of belonging and enthusiasm among the incoming students.

CAMPUS TO CORPORATE TRAINING PROGRAM

Dates: 10th August - 14th August 2026

Time: 2:00 PM to 5:00 PM

Venue: Classroom No. S2, ULC-1 Building,

Dr. Vijay Ganpat Dhamore successfully completed the national-level SWAYAM course “Applied Research: From Hypothesis to Structural Equation Modelling” with a consolidated score of 80.5%. The three-credit program was offered by M.S. Ramaiah University of Applied Sciences during the January 2026 semester. The course focused on research hypothesis formulation, Structural Equation Modelling (SEM), and advanced multivariate data analysis.

Visit to Art of Living Triveni Ashram

Students of third year and fourth year B.Arch visited the Art of Living, Triveni Ashram, Pune, on 18th August 2026. They studied the campus and spatial relationship between spaces of the Triveni Ashram Pune under Landscape Design and Architectural Design VI subjects. The representative from the Art of Living organization provided the students with detailed information about the organization, its functioning, work patterns, and various activities. A guided tour of the campus was subsequently conducted, during which the students were introduced to the site planning, spatial organization, and landscape features of the campus. The visit also included a session at the meditation zone, where all the students actively participated in a guided meditation activity.

Faculty Development Program

Prof. Swati Solunke participated in a Faculty Development Programme held on Saturday, 8 August 2026, organized by the Fire & Security Association of India (FSAI), Pune Chapter, in association with Marathwada Mitra Mandal's College of Architecture (MMCOA). The programme focused on the importance of fire safety, life safety, and security as fundamental responsibilities in the built environment.

Orientation - School of Hospitality & Hotel Management

The School of Hospitality & Hotel Management welcomed its new batch of first-year students with an orientation programme on 11 August 2026. The session introduced students to the school, faculty, academic journey and opportunities ahead, helping them take their first steps into the world of hospitality with confidence and enthusiasm.

Industrial Visit

Students of the School of Hospitality & Hotel Management visited Marriott Suites, Pune, on 14 August 2026 for an industry exposure visit. The students explored hotel operations and gained practical insights into the working of a luxury hospitality property. The visit offered an opportunity to connect classroom learning with real-world hotel operations.

Bakery Practical – Salt Dough Display

A specialised bakery practical on Salt Dough Display was conducted by Chef Nitin Zanzane on 22 and 23 August 2026. Students explored the creative side of bakery and display work while learning techniques to shape and present salt dough creations.

Seminar on Global Career Opportunities

The School of Hospitality & Hotel Management organised a seminar on Global Career Opportunities on 19 August 2026. The session introduced students to career possibilities across international destinations including the USA, Europe, France, Spain, Mauritius and Asia. It gave students a broader perspective on global hospitality careers and the opportunities available beyond India.

Alumni Interaction

The School of Hospitality & Hotel Management organised an interactive session with its alumni, Ms. Akaksha Nair and Mr. Rohan Sonune, who shared their industry experiences and practical insights into Front Office operations. The session helped students understand the day-to-day responsibilities, guest handling and career opportunities in the department, while also giving them an opportunity to learn directly from alumni working in the industry.

Igniting the Entrepreneurial Spirit

On 21 August, the School of Design in collaboration with School of Engineering celebrated World Entrepreneurship Day through an insightful session led by Mr. Sandip Sharma - Chief Innovation Officer, ADYPG. He shared valuable insights into entrepreneurship, innovation, and the execution of diverse projects. The session offered students a practical understanding of transforming ideas into impactful projects.

Exploring the Future of Creativity

On 31 July and 1 August Ar. Aparna Mhetras Dean - School of Design and Head, ADYPU Incubator, attended Adobe NEXT// Live Mumbai 2026, held at Hyatt Regency, Mumbai. The flagship event brought together design and film educators, academic leaders, and emerging creators from across India.

An Introduction to EV Technology

On 20 August, Transportation Design students attended an insightful session on “Introduction to EV Technology” conducted by Mr. Ashutosh Dehuri from DIYguru. The session introduced fundamentals of electric vehicles and their growing role in the automotive industry. Key topics included EV components, AC/DC charging systems, converters, and Electronic Control Units (ECUs). A live demonstration vehicle helped students understand the functioning of various components in a real-world EV system.

Induction - School of Liberal Arts

The School of Liberal Arts, welcomed its new students and their parents through the SOLA Induction Programme 2026 held on 17 August 2026 at ULC.

The programme was graced by the presence of Hon’ble Vice Chancellor - Dr. Rakesh Kumar Jain, Registrar - Dr. Sudhakar Shinde, Dean Academics - Dr. Sunny Thomas, and the Deans of other schools. Prof. Bindiya Naik, Associate Dean, School of Liberal Arts, formally welcomed the new students and introduced them to the SOLA community. The students had an engaging interaction with Mr. Milind Mutalik, an experienced Human Resources and organisational leadership professional with over 35 years of experience.

SOLA Connect: Bridging Batches

The School of Liberal Arts organised “SOLA Connect: Bridging Batches”, a fun and interactive student engagement session on 18 August 2026 at the Psychology Lab. The session was designed to bring senior and junior students together in a relaxed and welcoming environment, helping new students feel comfortable, build friendships, and develop a sense of belonging within the SOLA community.

Understanding Student Services

School of Liberal Arts had a session with by Dr. Chetna Mehta - Dean, Student Services Division, who introduced students to the various student support systems and services available at the university.

Liberal Arts: Scope & Careers

Dr. Sunny Thomas, Dean Academics, led an insightful session on “Liberal Arts Education: Scope and Careers” at SOLA. Students explored the interdisciplinary nature of Liberal Arts and its relevance to the evolving professional world. The session encouraged them to identify their interests, develop multidisciplinary perspectives, and explore diverse career pathways.

Giving Back Through NSS

The NSS Team introduced students of SOLA to the purpose and activities of the National Service Scheme. Students were encouraged to enroll as NSS volunteers and participate in initiatives that promote community engagement and social responsibility. The session highlighted how meaningful learning and experiences can extend beyond the classroom through active community participation.

Interaction Session with Commodore Prashant Sidhaye

The School of Liberal Arts hosted an inspiring interaction session with Commodore Prashant Sidhaye, Indian Navy, on 19 August 2026. The session was initiated and coordinated by Ms. Sukhvinder Multani and provided students with an opportunity to engage with a distinguished member of the Armed Forces and learn from his experiences.

The interaction with Commodore Prashant Sidhaye offered students a blend of career insight, inspiration, and meaningful reflection. His journey with the Indian Navy and his perspectives on patriotism, service, and psychological well-being left students with valuable lessons to carry forward.

Visit to Brick School of Architecture, Pune

Students of third year B. Arch. visited the Brick School of Architecture Pune on 28th July 2026. The visit provided the students with an opportunity to understand and study the planning, spatial organization, and functioning of a school of architecture. During the visit, the students explored various spaces of the campus, with particular focus on open spaces, building technology, services, workshop and laboratory areas, and the construction yard.

Campus Highlight

Udaan Campus Well-Being Program

The UDAAN Campus Well-Being Programme, conducted across the School of Engineering, School of Management, School of Hotel Management, School of Design, and School of Liberal Arts, focused on promoting student well-being and supporting students in navigating the transition and challenges of university life. The sessions, conducted in collaboration with Safe Stories, addressed mental well-being, emotional balance, stress management, self-care, resilience, peer support, and awareness of counselling services.

Through interactive and participatory activities, students were encouraged to connect, communicate, reflect and seek support when needed. The programme created a welcoming and emotionally safe space for students while reinforcing the importance of mental and emotional well-being as an integral part of a positive and fulfilling campus experience.

Celebrating National Handloom Day

On 7 August, Fashion Design students of the School of Design celebrated National Handloom Day, honoring India's rich textile heritage. The exquisite beauty of Kanjivaram, Ikat, Ghongadi, Silk, Paithani, Banarasi, Himroo, and Kullu Shawls created a vibrant visual showcase. Students brought the textiles to life through a variety of creative drapes, highlighting their versatility and timeless appeal. The celebration beautifully blended traditional craftsmanship with contemporary fashion, inspiring students to value and carry forward India's handloom legacy.

Research Milestone

Research Publication - Dr. Prashant Kumbharkar

On 14 August 2026, Dr. Prashant Kumbharkar, Dean, School of Engineering, along with his co-contributors, published the research article **“An Experimental Protocol for Explainable AI-Driven Secure Cloud Data Migration Using Synthetic Healthcare Data”** in JoVE, a Q2-ranked Engineering journal. The publication highlights a significant contribution to Explainable AI, secure cloud data migration, and healthcare data security.

Scopus-indexed Publication

On 1 August 2026, the School of Engineering acknowledged the research achievement of Dr. Anant More, Dr. Ayushi Godiya, and Dr. Santosh Borde for their paper, **“Towards Feature Rich Video Frame Dehazing Based on Deep Enhanced Encoder Decoder Network,”** published in the Scopus-indexed proceedings of the International Conference on Interdisciplinary Technology & Science Convergence by SCITEPRESS.

Design Registration Achievement

On 6 August 2026, the School of Engineering acknowledged the design registration achievement of Dr. Arjun Vasatkar along with other members for the **“Steel Column Holding Assembly”** registered under the Designs Act, 2000 by the Patent Office, Government of India.

Design Registration Achievement

On 18 August 2026, the School of Engineering acknowledged the design registration achievement of Dr. Sudhir Adhikrao Kadam, Dr. Arjun Vasatkar, Mohit Surwade alongwith other contributors for their design titled **“Fractal Multiband Antenna”** registered by the Patent Office, Government of India, on 13 August 2026.

Recognition

On 2 August 2026, Dr. Ajitkumar Pundge was awarded a Technical Program Committee Member and Reviewer Certificate in recognition of his valuable contribution as a reviewer at the First International Conference on Intelligent Systems and Robotics for Sustainable Development (ISRSD 2026) organized by Natural Resources and Sustainable Development Laboratory, Faculty of Sciences, Ibn Tofail University, Kenitra, Morocco and Technically sponsored by Science Transactions, India, during July 23-24, 2026 in Hybrid Mode.

Research Advisory Committee

On 7 August 2026, Dr. Vishal Shirsath and Dr. Ranjit Kumar were invited to serve on the Research Advisory Committee of the Research Cell, Vishwakarma University (VU) for conducting Ph.D. Progress Report Presentations of research scholars from Computer Science and Technology.

AWS Cloud Certification Achievement

On 17 August 2026, Dr. Amol B. Kasture successfully completed the AWS Cloud Practitioner Essentials training and certification. The certification strengthens his expertise in Amazon Web Services (AWS), building upon his prior experience with Microsoft Azure and Oracle Cloud Infrastructure (OCI).

AWS Cloud Certification Achievement

On 24 August 2026, the School of Engineering formally acknowledged the research accomplishments of Dr. Preeti Sandip Kulkarni, Department of Biomedical Engineering, for publishing two Scopus-indexed research papers in August, 2026: **“Thermoluminescence Characteristics of Eu_2O_3 Phosphor Exposed to Thermal Neutrons”** in the Journal of Radioanalytical and Nuclear Chemistry and **“ Eu^{3+} Doped LaB_3O_6 Phosphor for Red Emission and Dosimetry: A Combined Photoluminescence and Thermoluminescence Study with Tm-Tstop Analysis”** in the Journal of Physics and Chemistry of Solids. Further, she received a Certificate of Appreciation on 8 August 2026 for successfully completing the FDP **“AI-Driven Digital Healthcare: Integrating IoT and Big Data for Smarter Systems,”** organized by the Electronics and ICT Academy, IIT Roorkee, held from 16 June to 29 June 2026. She also received a Certificate of Appreciation on 17 August 2026 for successfully completing the one-week FDP **“AI for Academic Excellence: Transforming Teaching, Research, Assessment, and Institutional Innovation,”** organized in collaboration with Sandip University, Nashik, and Poornima University, Jaipur, held from 27 July to 31 July 2026.

Professional & Academic Contribution

On 14 August 2026, Dr. Prasanna Bhaerao contributed to professional and academic activities by serving as an expert panel member for APE assessments of M/s. Sahyadri Farms and M/s. Graviss Foods Private Limited. He also served as a peer reviewer for Applied Food Research (Elsevier), contributing to the rigorous evaluation and quality enhancement of scientific research.

Guest Lecture Invitation

On 21 August 2026, Assistant Professor Abhijeet Aiwaale was invited to deliver a guest lecture at N. M. Polytechnic, Thergaon, Pune.

Professional Development & Learning

On 5 August 2026, Ms. Jyoti Srivastava received a certificate of participation in recognition of her active engagement in professional development activities related to antimicrobial research. She participated in the ISAC Webinar – **“Emerging Antimicrobial Therapies for MDR Bacterial Infections,”** held on 29 July 2026, and the REVIVE Webinar – **“Targeting Metabolism in Mycobacteria to Develop New Antimicrobials,”** hosted by the Global Antibiotic R&D Partnership (GARDP) on 13 August 2026. Additionally, on 23 August 2026, she successfully completed a workshop on AI Tools and ChatGPT.

FDP/ Workshop/Seminar attended

Dr. Priyanka Tryambakrao Kolhe participated in three academic and professional development programmes in August 2026. She attended the National Conference on **“Quantum Biotechnology: Quantum Phenomena to Biomedical Innovation”** under the National Quantum Mission, DST, Government of India, in association with QuICST. She also participated in **“Innovation Meets Opportunity: Careers for Technical Graduates in Patents,”** organised by Nutan Maharashtra Institute of Engineering and Technology with Possible Education. Additionally, she attended **“Mathematics in Nature: Let’s Take It into Our Classrooms”** organised by the Pune Knowledge Cluster (PKC). These programmes enriched her expertise in research, quantum technology, patents, and innovative teaching practices.

Dr. Jijo Easo George participated in the Research Meet on **“Journal Selection in Research Using Claude”** organised by ADYPU, Pune. The workshop on **“Mathematics in Nature: Let’s Bring It into Our Classrooms”** held in Hatfield, Hertfordshire, UK, and the awareness session on **“Innovation Meets Opportunity: Careers for Technical Graduates in Patents.”**

Ms. Jyoti Sinha completed the refresher course on **“Research Meet on “Journal Selection in Research Using Claude”** by ADYPU, Pune.

Mr. Debojyoti Lahari completed the refresher course on **“Mathematics in Nature: Let’s Bring It into Our Classrooms”**, Hatfield, Hertfordshire, UK.

Completion of UGC-MMTTC Programme

Mr. Rahul Singh, Deputy Librarian successfully completed the UGC-Malaviya Mission Teacher Training Centre (MMTTC) Online Short-Term Programme in Library and Information Science, organized by Sardar Patel University, Vallabh Vidyanagar, Gujarat, from 13-19 July 2026.

		UGC-MALAVIYA MISSION TEACHER TRAINING CENTRE		
		SARDAR PATEL UNIVERSITY

Students Corner

Hack4Humanity

The B.Tech, AIDS students of the School of Engineering, secured the 1st Winner Prize at the “Hack4Humanity” Hackathon under the prestigious “AI for Societal Good” track. The winning team, “Hello World,” comprising Yash Raj (Team Lead), Dhruv Devaliya, Tarak Dhone, and Lakshay Vig, demonstrated commitment to developing technology for social impact. Their performance earned them a cash prize of Rs 25,000. The team was mentored by Dr. Amol B. Kasture, The hackathon was held at the Institution of Engineers (India), Pune, and was jointly organized by IEEE TEMS Pune Chapter, IEEE Pune Section, BRAIN, IEEE Young Professionals, and IEEE SIGHT.

Design Registration Achievement

On 17 August 2026, the School of Engineering proudly acknowledged the achievement of its students and faculty members following the official publication of the Design Registration titled “Modular Smart Plant Pot.” The registration recognizes the valuable contributions of Dr. Debanjali Barman Roy, Mr. Yashodhan Sonwane, Mr. Sateesha Patil, Vishvesh Parate, Samrudhi Nichal, Purvesh Kolpe, Ananya Borkar, and Rohit Bhapkar for their innovation and dedicated efforts in developing the design.

Designing Workspaces

On 4 August 2026, Interior Design students of the School of Design visited Navkar Architects for a live office design case study. The visit offered practical insights into spatial planning, layout, colour palettes, construction techniques, and material selection.

Students observed how design concepts translate into functional and inspiring workspaces. The insights gathered will serve as a valuable reference for their upcoming Office Design project.

MBA Semester I and BBA students enthusiastically participated in the Entrepreneurs' Day 2026 brainstorming session organised by the SOM Entrepreneurship Club on 21st August 2026. Students engaged in collaborative discussions, generated innovative business ideas, and explored creative solutions to real-world challenges.

Best Debator Award

Sandeepan Choudhury from the School of Liberal Arts, brought laurels to the school by securing Second Place in the Individual – Best Debater Category at the Late Shri Shankarrao Wakalkar State-Level Debate Competition, organised by Indira College of Commerce and Science, Pune. The competition centred on the contemporary and thought-provoking theme: “Is Gen Z drifting away from Indian culture or re-defining it?”

NSS Highlights

Rakt Setu Abhiyaan Edition 1.0

On 2nd August, the NSS Blood Donation Camp was organized at SNBP International School, Rahatani, in collaboration with Red Plus Blood Society, NSS Unit ADYPU, Rotaract Club of ADYPU, and the school. The activity aimed to promote voluntary blood donation, spread awareness, dispel myths, and encourage social responsibility and regular donation. Donors underwent basic health check-ups, including blood pressure and haemoglobin testing, before donating blood.

Nasha Mukti Poster Making

On 25th August, the 'Nasha Mukti Poster Making' event was successfully organized by the NSS Unit, ADYPU, aligning with SDG 3 (Good Health and Well-Being) and SDG 17 (Partnerships for the Goals).

National Sports Day - Khelo India Dialogue

On 27th August, the University hosted the Khelo India Dialogue – “Khel Ki Baat PM Modi Ke Saath” on Campus as part of the National Sports Day celebrations. The event brought together young minds, sporting talents and distinguished guests to celebrate dedication, discipline, determination and excellence in sports. The program was graced by Hon’ble Shri Murlidhar Mohol, Minister of State for Civil Aviation and Cooperation, Government of India, along with Olympian Dr. Heena Sidhu and prominent sporting talents. The dialogue inspired students to embrace sportsmanship, perseverance and a spirit of excellence.

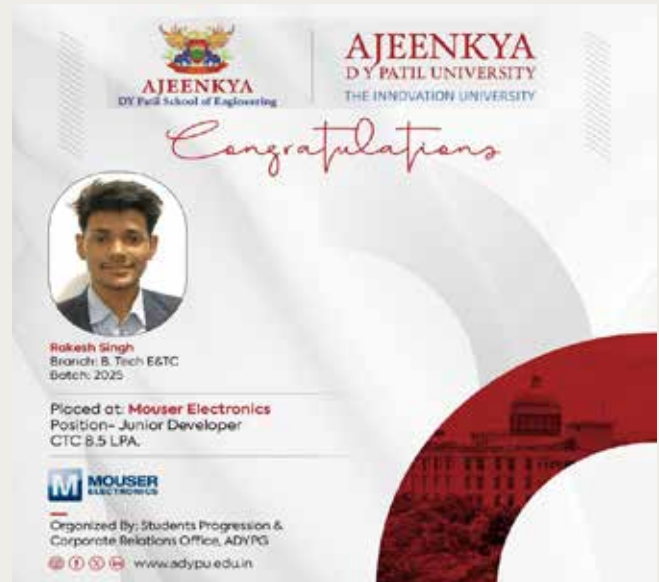

Career Pathway & Placements

LinkedIn Profile Building Bootcamp

SP&CR Office, and the School of Engineering, in collaboration with Qurians Club, organized on 18th August 2026 a LinkedIn Profile Building Bootcamp – “The Art of Converting Post into Opportunities.” The session, led by Gourav Soni, focused on building a professional LinkedIn profile, showcasing projects and certifications, effective personal branding, and leveraging LinkedIn for career opportunities.

A promotional poster for a LinkedIn Profile Building Bootcamp. The poster features a man in a suit, Gourav Soni, as the speaker. The main title is "THE ART OF CONVERTING POST INTO OPPORTUNITIES ON LinkedIn". It includes details about the date (18-08-2026), time (8-30 PM), and location (ULCB). The poster lists what attendees will learn, such as professional profile optimization, profile branding, and leveraging LinkedIn for career opportunities. It also mentions a QR code to connect and contact information for the organizers.

Incubation Insights

Faculty Development Programme

On 22 August 2026, ADYPU Incubator conducted a hands-on Faculty Development Programme, "An Entrepreneurial Mindset for Educators,". Led by Ms. Sneha Mehta, Head - Innovation & Incubation, ADYPG. The session focused on nurturing entrepreneurial thinking through ideation, engaging activities and meaningful discussions. Faculty members explored how entrepreneurship can be integrated into teaching and learning as a mindset and practice. Under the guidance of Ar. Aparna Mhetras - Dean, School of Design and Head, ADYPU Incubator, the programme encouraged fresh perspectives and innovative thinking.

Social Innovation at Summit 2026

29 August 2026, the team of the ADYPU Incubator, led by Incubation Manager Dr. Nikhil Mane, along with students, visited the Bhau Institute's Social Innovation Summit 2026 at COEP. During the visit, students interacted with various startup founders working in diverse sectors, including energy, biomedical technologies, and product development. The interactions provided valuable insights into real-world innovation, entrepreneurship, product development, and startup journeys.
