

Orientation 2026 — Post-Event Report

August 7 – 16, 2026

1. Executive Summary

The NST-ADYPU Orientation 2026 was conducted from August 7 to August 16, 2026, welcoming over 350 incoming students to campus. The programme spanned arrival logistics, five days of structured orientation activities, and a high-profile speaker series, and was executed without any major operational hiccups. Across all days, the orientation received an average participant rating of 9.1 out of 10, reflecting both strong planning discipline and high-quality on-ground execution.

The most distinctive feature of this year's orientation was that it was owned end-to-end by senior students — not merely supported by them. Planning, facilitation, on-ground execution, and real-time problem-solving were all led by seniors, with the core team stepping back into an advisory and oversight role. The senior cohort not only met the expected standard but exceeded it, a fact repeatedly and unprompted acknowledged by parents on campus, several of whom remarked that they hoped their own children would grow up to be like these seniors.

2. Key Metrics

350+ Incoming students onboarded	10 Days (Aug 7–16, incl. arrival)	9.1 / 10 Average feedback rating	5 Days of structured orientation
--	---	--	--

3. Student-Led Ownership Model

A deliberate structural shift this year was placing full ownership of the orientation programme in the hands of senior students, rather than treating them as volunteers supporting a staff-run event. This included:

- End-to-end planning of the orientation schedule and session design.
- Facilitation of sessions, activities, and group management.
- On-ground execution of arrival logistics and day-to-day operations.
- Real-time problem-solving as issues arose, without escalation to staff in most cases.

This model produced a visible cultural signal: multiple parents, without being prompted, remarked that they wanted their children to grow up to be like the seniors leading the orientation. This is a strong external validation point for the culture NST has been building, made tangible to outside observers within days of students stepping onto campus.

4. Execution Highlights

Standout Sessions

- Buildathon and Club Fair were the standout sessions of the week — high engagement, hands-on, and setting the tone for NST's core ethos of *"building from day one."*
- [Club Fair — event video \(Instagram Reel\)](#)

Speaker Lineup

The orientation featured a strong and well-received speaker lineup across scientific, entrepreneurial, and industry leadership tracks:

Chief Guest	Garima Aggarwal — <i>Scientist, ISRO</i> LinkedIn / Profile
CXO Masterclass	Prajakt Deolasee — <i>CTO, Turtlemint</i> LinkedIn / Profile
Builders Masterclass	Vaibhav — <i>Founder & CEO, Bettercapital</i> LinkedIn / Profile
Builders Masterclass	Himani Apte — <i>Senior Engineering Leader & Manager, Google</i> LinkedIn / Profile
Builders Masterclass	Murali Krishna — <i>Director of Engineering, Visa</i> LinkedIn / Profile
Influencer Space	Love Babbar — <i>Content Creator / Educator</i> LinkedIn / Profile

5. Supporting Documentation

6. Acknowledgements

This outcome was a full-team effort, with sustained behind-the-scenes contribution well beyond assigned roles. The organizing team gratefully acknowledges the following contributors: Atharv Teli, Saurabh, Tanmay Pandya, Himalay, Kavya Achar, Gaurav Gehlot, Tyagi, Eshanya Marathe, Kiran Badak, Shrutika Taware, Omkar Hol, Karn, Adnan Abraham, Fanindra Sharma, Gurpreet Singh, Dayshmookh, Balwa, Siddharth Maheshwari, and Nishant Chandra.

7. Closing Note

Orientation 2026 demonstrates that NST's culture of ownership, initiative, and building from day one is not only an internal value but one that is immediately visible and credible to outside stakeholders. The success of this student-led model reinforces the institution's commitment to "Excellence As Usual," and sets a strong precedent for future cohorts to build on.

SEAMEDU INDUCTION PROGRAM

Ajeenkya D Y Patil University (ADYPU), Pune THE INNOVATION UNIVERSITY

Date: 29th July, 2026

Venue: Dental Auditorium

OVERVIEW

Seamedu programs currently run at the Ajeenkya D Y Patil University (ADYPU) campus held a formal Induction Program to welcome newly joined students and orient them to university life. The session was anchored by Prasad Pawar, Center Head of Seamedu at ADYPU, and was graced by the Chief Guest, Dr. Rakesh Kumar Jain (Vice Chancellor), along with senior university leadership including the Registrar and Deans of the various schools and divisions. The induction served as a platform for the leadership to formally welcome students, set expectations for the academic year, and familiarize them with the ecosystem, culture and opportunities available at ADYPU.

DIGNITARIES PRESENT

Anchor: Prasad Pawar, Center Head, Seamedu at ADYPU

Guest: Dr. Sudhakar Shinde, Registrar, ADYPU

Guest: Dr. Sunny Thomas, Dean, Academics

Guest: Dr. Ninad Gawande, Dean, School of Management

Chief Guest: Dr. Rakesh Kumar Jain, Vice Chancellor, ADYPU

Guest: Dr. Santosh Rao Borde, Director, Student Progression & Corporate Relations

Guest: Dr. Chetna Mehta, Dean, Student Services Division

Guest: Dr. Prashant Kumbharkar, Dean, School of Engineering

SESSION HIGHLIGHTS

- **University Protocols & Campus Life:** Students were walked through the university's code of conduct, attendance and academic protocols, and general campus etiquette, with an emphasis on how these systems support a disciplined and productive learning environment.
- **Discipline & Personal Conduct:** Speakers reiterated that discipline, punctuality and responsible behavior form the foundation of a successful college journey, and encouraged students to internalize these values early on.
- **Industry-Ready MOUs & Certifications:** The importance of the university's industry partnerships, Memorandums of Understanding (MOUs) with corporates, and value-added certification programs was highlighted as a key differentiator that enhances students' industry exposure, skill sets and future employability.
- **College Life & Events:** Students were introduced to the vibrant calendar of co-curricular and extra-curricular events, clubs and activities on campus, and were encouraged to actively participate to make the most of their university experience.
- **Student Support Ecosystem:** Guests spoke about the various support structures on campus from academic mentoring to student services and corporate relations designed to guide students through their academic and career journey.

ACCREDITATIONS & RANKINGS SHOWCASED

As part of the induction, students were also made aware of ADYPU's recent achievements, recognitions and quality benchmarks, reinforcing confidence in the university's academic standards and infrastructure:

- NAAC Grade A accreditation, reflecting high standards of institutional quality.
- NBA (National Board of Accreditation) for 2 schools, validating program-level academic rigor.
- QS I-Gauge Diamond Ranking, recognizing overall institutional excellence.
- Great Place to Work certification, underscoring a positive and supportive campus culture.
- Times Ranking recognition among leading universities.
- Continued improvement in NIRF (National Institutional Ranking Framework) ranking, year on year.

CONCLUSION

The induction program set a positive and motivating tone for the students beginning their journey with Seamedu programs at ADYPU. By combining guidance on university protocols and discipline with a clear articulation of the institution's industry linkages, certifications and growing national recognition, the session reinforced the university's commitment to holistic, industry-aligned and future-ready education.
